

SOW-12: INITIAL EXPOSURE SCENARIOS

- 12.1 *Contractor* shall develop Initial Exposure Scenarios for each substance listed by the *Buyer* and for each *[of the following uses:] {or} [use identified according to SOW-10]*.

Sector of Use	Product Category	Process Category	Article Category

- 12.2 *Contractor* shall develop the Initial Exposure Scenarios in accordance with the *REACH Guidance Document* titled: *Guidance on Information Requirements and Chemical Safety Assessment, Part D: Exposure Scenario Building*.
- 12.3 Except as specified elsewhere, *Contractor* need not perform the exposure estimation or risk characterization steps, or derive the final exposure scenarios as part of this SOW.
- 12.4 *Contractor* shall use the information *[provided by the Buyer] {or} [obtained according to SOW-10 and SOW-11]* along with experienced professional judgment to develop the Initial Exposure Scenarios.
- 12.5 *Contractor* shall use, as a starting point, any pre-set, generic, sector-specific, industry-specific, or user-specific information to develop exposure scenarios
