

SOW-4: SAMENESS DETERMINATION

- 4.1 *Contractor* shall determine the “sameness” of the substances that have been pre-registered under the following identifier(s):
- *[insert EC Number, CAS Number, and/or chemical name]*
 - *[insert EC Number, CAS Number, and/or chemical name]*
 - *[insert EC Number, CAS Number, and/or chemical name]*
- 4.2 *Contractor* shall solicit the information it needs for the sameness determination directly from each of the *[insert number]* *SIEF* members and shall be prepared to enter into a non-disclosure or confidentiality agreement with each as may be required.
- 4.3 *Contractor* shall not disclose any confidential business information to the other *SIEF* members or to any other third parties.
- 4.4 *Contractor* shall determine the sameness of substances in accordance with the *REACH* Guidance Document titled: *Guidance for the identification and naming of substances under REACH*.
- 4.5 *Contractor* shall prepare a report to all *SIEF* members for the substance(s) indicated in 6.1 above. The report shall indicate which *SIEF* members have pre-registered the “same” substance and which have not.
